Introduction

Purpose of this report

This report describes how the Clare and Gilbert Valleys Council intends to manage its community land.

What is community land?

Community land is defined under Section 193 of the *Local Government Act 1999* as "All local government land (except roads) that is owned by a council or under a council's care, control and management".

Under the Act, Council has general obligations and responsibilities as the custodians of land, including community land, for the benefit of current and future generations.

To assist Council in meeting these obligations and responsibilities the Act requires Council to prepare a management plan(s) for its community land.

When is a Community Land Management Plan needed?

Section 196 of the *Local Government Act 1999* requires Council to prepare and adopt a management plan(s) for its community land where:

- The land is, or is to be, occupied under a lease or licence; or
- The land has been, or is to be, specifically modified or adopted for the benefit or enjoyment of the community; or
- The land is required to be held for the benefit of the community under Section 8 of the *Local Government Act 1999* under a special Act of Parliament relating to the land, or under an instrument of trust; or
- Required by regulation.

Aspects of a Community Land Management Plan

A Community Land Management Plan (CLMP) must:

- Identify the land to which it applies; and
- State the purpose for which the land is held by Council; and
- State Council's objectives, policies (if any) and proposals for the management of the land; and
- State performance targets, and how Council proposes to measure its performance against its objectives and performance targets.

A Management plan should (as far as practicable) also be consistent with other relevant official plans and policies about conversion and the development and use of land, including (but not limited to) the following:

- Clare and Gilbert Valleys Council By-Laws
- Clare and Gilbert Valleys Council policies and procedures affecting playgrounds, reserves, community halls, , graffiti, environment, dogs and signs, as well as public consultation and risk management,
- Clare and Gilbert Valleys Council Strategic Plan 2019-29
- Open space and Recreations Strategy – Towards a sustainable, active and vibrant community May 2020
- Local Government Act 1999
- Other relevant Act and Policy documents to support the Community Land Management Plan(s)

Land Description and Planning

Definitions for Reserve, Cemetery, Building, Building & Reserve and Sports Ground

The Clare & Gilbert Valleys Council Reserve, Cemetery, Building, Building & Reserve and Sporting Grounds is a community space where local community and members of the wider community and general public, meet to engage in physical exercise, participate in recreational and athletic competition or witnessing sporting and recreational events and activities.

Where sections of the land is Crown Land the Crown land is under the care, control and management of Council.

Community Land that is held under the category "Reserve", is mainly intended for passive recreation. Community Land that is held under the category "Building & Reserve" and "Sports Ground" is mainly intended to provide a sporting and recreation area for the community, Clare & Gilbert Valleys Region, and visitors to the area.

Community Land under the categories are to preserve the recreational assets for future generations.

Community Land that is identified as "Crown Land" provides a system that achieves a balance between social, economic, and environmental needs of the community.

Reserve

Objectives	Performance Targets	Performance Measures
To provide an area for the use and enjoyment of the community	Provide safe and appropriately maintained land.	Periodic maintenance and asset renewal undertaken in accordance with work schedules and Asset Management Plans
Provide protection for the environmental values of the site	Planning appropriate management and monitoring can ensure that the natural beauty and high ecological value continues to enhance the public land values of the site.	Facilities and areas within the site are considered for improvement, protecting the environmental values of the land. Reserve maintenance schedule is developed and actioned through visual inspections undertaken by Council and in conjunction with community groups.
To preserve the natural amenity of the land identified within the reserve	Maintenance schedule supporting community use and visual amenity is in place	Visual inspections are undertaken to determine effectiveness of maintenance schedule, and timely rectification of any issues identified
Ensure the Reserve remains easily accessible for community, individuals and groups	Facilities and infrastructure are provided as required by Council	Facilities and road access are maintained by Council. Visual inspections are undertaken.

Cemetery

Objectives	Performance Targets	Performance Measures
To provide for the memorial and internment of deceased persons	Be responsive to the needs, interests and aspirations of individuals supporting the memorial of deceased persons	Inspection of memorials and infrastructure (if applicable) to ensure compliance with council policy
Environmental strategy. To provide permits, contracts or agreements to enable specified management of the land	Environmental strategy. Permits, contracts or agreements have been issued for organized use in accordance with the objectives of Council	Environmental strategy. Applied permits, contracts or agreements over specified use of the land are issued and comply with the objectives of Council. Documents are reviewed to determine effectiveness of the agreement

Building

Objectives	Performance Targets	Performance Measures
To ensure access and use of the significant local building	Community involvement to support Council' objectives	Building maintenance schedule is developed and visual inspections are undertaken by Council
To provide facilities and infrastructure that support and promote the region's history	Identify opening hours supporting community use for the building and surrounds (if applicable)	Measure the engagement with visitations and to promote historical significance and community use
To provide permits, leases or licences to enable specified use of the building	Leases negotiated with relevant organisations in accordance with the management objectives of Council	Applied Leases over specified use of the building (and/or land if applicable) are issued and comply with the objectives of Council.

Building & Reserve

Objectives	Performance Targets	Performance Measures
To ensure access and use of the significant local building	Community involvement to support Council' objectives	Building maintenance schedule is developed and visual inspections are undertaken by Council
To provide facilities and infrastructure that support and promote the region's history	Identify opening hours supporting community use for the building and surrounds (if applicable)	Measure the engagement with visitations and to promote historical significance and community use
To provide permits, leases or licences to enable specified use of the building and land (if applicable).	Leases negotiated with relevant organisations in accordance with the management objectives of Council	Applied Leases over specified use of the building (and/or land if applicable) are issued and comply with the objectives of Council.

Sports Ground

Objectives	Performance Targets	Performance Measures
To provide a Sporting and Recreational facility for the use and enjoyment of the community.	Seek to facilitate sustainable development and the protection of the environment and to ensure a proper balance within it community between economic, social, environmental and cultural considerations;	Periodic maintenance and asset renewal undertaken in accordance with work schedules and Lease agreements (if applicable)
To provide services and facilities that benefit its ratepayers and residents, and visitors to the facility.	Facilities and infrastructure are provided to support lease agreements and community involvement as required and identified by Council	Facilities and infrastructure within Recreation Ground not subject to a lease agreement are listed in Council's Asset Register.
Provide a system for the management of the multi uses for the land that achieves a balance between social, economic, and environmental needs of the community.	Community involvement to ensure objectives are met.	Land remains available for the benefit of the community.

Sports Ground continued

Objectives	Performance Targets	Performance Measures
To provide permits, leases or licences to enable specified use of land.	Leases have been issued (where applicable) for organised use in accordance with the objectives of Council	Applied Leases over specified use of the land are issued and comply with the objectives to Council. Leases are reviewed to determine effectiveness of the Lease agreement.

Management Objective Strategies

What are the key Performance Targets to measure performance?

Council strives to conduct business and make decisions with the best interest of the community in mind and in compliance with relevant provisions of the LGA and other applicable legislations.

The core objectives for management of Community Land Management Plans

- a) To provide services and facilities that benefit its ratepayers and residents, and visitors to the facility
- b) To provide a system for the management of crown land that achieves a balance between social, economic, and environmental needs of the community.
- c) To provide a passive recreation area for the use and enjoyment for the community
- d) To provide Sporting and Recreation facilities for the use and enjoyment of the community
- e) Seek to facilitate sustainable development and the protection of the environment and to ensure a proper balance within its community involvement as required and identified by Council
- f) Facilities and infrastructure are provided to support lease agreements and community involvement as required and identified by Council
- g) Community involvement to ensure objectives are met
- h) Periodic maintenance and asset renewal undertaken in accordance with work schedules and Lease agreements (if applicable)
- i) To protect and enhance significant vegetation that may exist on particular parcels of Community Land – This may require Council understanding and community consultation
- j) Beautification of parks and reserves through collaborative communication with invested community volunteers

Lease Details

The Council may lease or licence all or part of a Reserve or Sporting/Recreation Ground for purposes consistent with the objectives in the Management Plan, including for permitted uses that may include (but are not limited to) community gatherings, events and festivals (and such leases and licences will be deemed to be consistent with the Management Plan for the purposes of sections 202(6) of the LGA. Leases and licences may be granted for business purposes where those business purposes would, in the council's opinion, further the Council's objectives.

The term of a lease is through consultation with Council and the Lessee

A Lease, Licence or Permit enable Council to support community initiative and to formalise agreements who occupy or manage Community Land.

The establishment of new agreements or changes to existing agreements will not require public consultation where there is NO change to the proposed use of activity. However, where the Lease, Licence or Permit is for a period exceeding 5 years, Council is required by the *Local Government Act 1999* to consult with the community.

Parcels of Community Land recorded as Crown land that involve the establishment of new arrangements is therefore required in accordance with the *Crown Land Management Act 2009* may require ministerial consent. .

The term of a lease is through consultation with Council and the Lessee

Council will only grant a Lease, Licence or Permit for use of Community Land under this management Plan if it is:

- Consistent with the current use and purpose of the land
- For activities appropriate to the current and future needs of the community
- Relating to wide community purposes such as public recreation and cultural development
- Acknowledgment that all suitable insurances have been sighted by Council

NOTE: The provision of short-term casual Permits is conditional upon approval from both Council and current Lessee of the Sports ground or Recreation space.

In Councils native vegetation Reserves a responsible approach to bushfire resilience requires a positive working relationship with Department for Environment and Water (DEW) local CFS and local communities.

Review of Community Land Management Plan Register

A Council may review its Community Land Management Plan Register at any time. However a review of the Community Land Management Plan Register is required to happen at least once during the term of Council.

To ensure compliance the following table records acceptance and review dates

Date	Resolution	Details / Comment
Council Meeting Date:
