Barrier Highway Upgrade

The Dept of Infrastructure & Transport are upgrading the Barrier Highway from Burra to Riverton to improve long term safety and efficiency for all road users. These works include shoulder widening and sealing work; improving existing curves, including upgrading minor side road junction and access points; pavement rehabilitation; audio tactile line marking; and, safety barrier installation.

The upgrades are designed to improve safety, freight efficiency, and support regional economic growth.

Work has commenced and will continue until late November 2024 (weather permitting). Hours of work are 6am-6pm Monday to Saturday.

Works will commence near Burra and move progressively south towards Riverton.

Traffic will be reduced to a single lane on the Barrier Highway where works are underway, with traffic controllers on site to help manage the flow of traffic during work hours. Speed restrictions will be in place until work is completed. Please follow speed limits and signs.
